

# Mother's Day Card Craft

## Supplies Needed

1. Construction paper
2. Scissors
3. Glue
4. Pencil
5. Marker

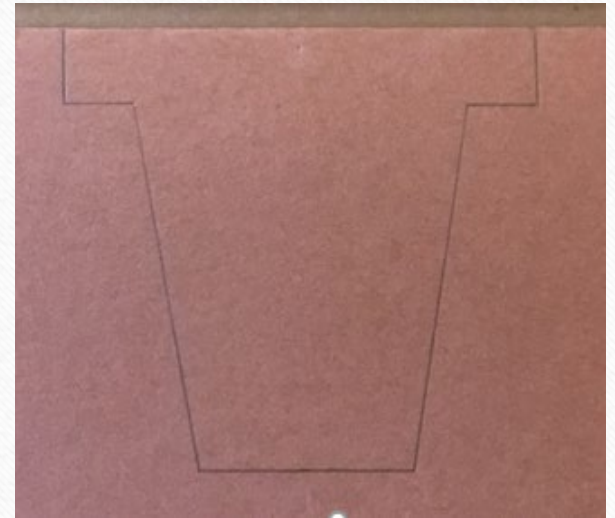

## Step One

Fold a piece of brown paper in half.

Draw a flower pot with the folded edge at the top.

Cut out the flower pot, keeping the fold at top in place, so that it opens from the bottom.

Write “Mom” or whatever message you like on the front of the pot.

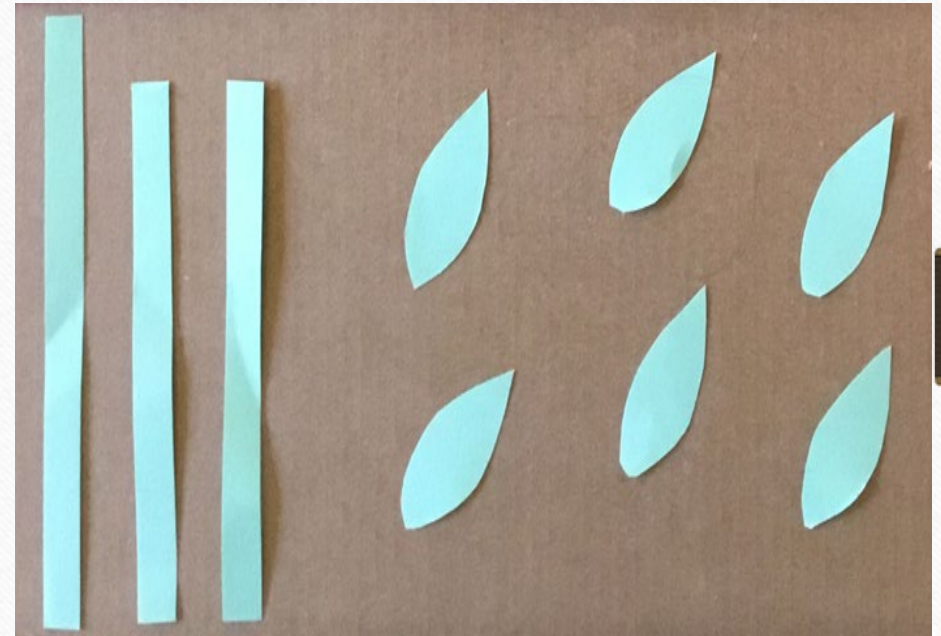

## Step Two

Find some green paper.

Cut out 3 stems. (These could also be made with pipe cleaners or other material.)

Cut out 6 leaves.

## Step Three

Find a piece of paper that you would like to use as your flower color. This could be multiple colors if you like.

Fold the paper in 1/2 and draw half of a tulip on the folded edge until you have 6.

Cut them out and open up the flowers.

## Step Four

Find a piece of paper that you would like to use as your background color.

Glue your pot to the bottom of the paper.

Glue your stems and leaves onto the paper, coming out of the pot.

Glue 3 of the flowers to the top of the stems.

## Step Five

Fold the remaining 3 flowers (accordion style) so that there are 3 folds.

Glue the two edges of each flower on top of the already glued flower, so that the middle stands up like a tent.

## Step Six

Open your card and write a sweet note to mom. 😊

Happy  
Mother's  
Day!
