

The Village of Pinehurst performs building inspections in accordance with the 2012 North Carolina Building Code: Administrative Code and Policies. In accordance with Section 107.1, the inspection department will perform the following inspections:

1. Footing inspection;
2. Under slab inspection, as appropriate;
3. Foundation inspection, wood-frame construction;
4. Rough-in inspection;
5. Building framing;
6. Insulation inspection;
7. Fire protection inspection; and,
8. Final inspection.

The Village requires 24 hour notice for all inspections. Inspections which are called into the inspection hotline (910-295-3192) before 1:00 PM are scheduled for the following work day. No specific times are given for when the inspections will be performed.
