**IV. Other Business- Neighborhood Reports**

- Bert Higgins of Doral Woods: putting up Christmas decorations on December 4 and everything is going well. The cleanup after the hurricane was great.
- Jan Kane of CCNC: The Veterans quilt was at the club and it was marvelous. Friends of Morganton is holding a meeting tomorrow to get the latest update on the proposed Publix shopping center. There was an armed robbery at CCNC the other week which is the only incident like this that has occurred in her 22 years there.
- Pilar Page of Pinehurst No. 6: everything is quiet around Pinehurst No. 6 but they are concerned about the access road for the proposed Airport Road development. Their electronic newsletter will also start including safety and security information from Doug Tuxbury.
- Clay Scott of Village Acres: three stop signs will be added in Village Acres. Quarterly meeting was held last week and septic cu-tins are a little below grade and other residents have asked about lines and reflectors in the road.
- Tony Elms of Donald Ross: shared a map of the 6 way intersection at Highway 5, Barrett, McCaskill and residents want this reviewed for safety. Jeff Sanborn said NCDOT data and our Police Department data show this is not a high accident intersection and staff has reviewed this and have received several designs for ways to improve this but it is not included in this year's budget. He has been working with staff on a map for the NAC for the NAC zones and also a map that will be of all of Pinehurst with a list of the streets and the zones that the streets are in.
- Debbie Lalor of Downtown Residential: lives on Azalea and is the new downtown residential area representative. She shared a concern about traffic leaving the Greens apartment complex.
- Mallory Hickey of Old Town West: Nothing to report.
- Christy Eibel and Victoria Temple of Lake Pinehurst: Victoria will be replacing Christy on the NAC after today. Christy turned in the report to Jeff about the homes that were affected from the hurricane. They have two large eagles around the lake area. Their neighborhood Facebook page is working well.
- Councilmember Bouldry passed out information regarding a survey for the Moore County Transportation Plan. Please send this out to your neighborhoods.
- Mayor Fiorillo explained the Midland Road Corridor Study that was presented to Council last week and there is a ways to go on this study before anything will happen.
- Council held a discussion about the speed limit for the Village and how the decision was made several years ago to change it to 25mph and also about the National Landmark Status.
